Persnoal Projects-

- **Portfolio** - My Portfolio consists of all the information about me, It encompasses my skills, projects, blogs, interests and my little bit about my personal life. I had created my portfolio just to showcase my skills and to refine my frontend skills.

Techs - ReactJs, AntD || **View:** <https://prakash-agrahari.vercel.app/> || **Mobile Responsive**

- **Component Library:** This library I created just to use for my personal projects though it is available on my github for public as well, it just like another bootstrap with predefined classes, one just need to set it up in their project and can use this library, set-up is very easy, it is guided in docs section; I have name my CSS/Component Library as Pencil UI 🖋️

Techs -HTML, CSS & Javascript || **View:** <https://pencil-ui.netlify.app/> || **Mobile Responsive**

- **E-Commerce:** This Web App I have Created using ReactJS and my CSS/Component Library Pencil UI 🖋️, I have not used any other CSS library here. This is An E-Commerce Application where one can get list of products and with functionalities like authentication, Wishlist, MyCart and having checkout options as well.

Techs - ReactJs, Pencil UI, Axios || **View:** <https://ebazaar.netlify.app/> || **Mobile Responsive**

B.Tech | Lovely Professional University | 06/2018 | Jalandhar, Punjab
